WINERY RESORT & EVENTS

COVID-19 STATEMENT FROM THE MANAGEMENT CLEVELAND WINERY

The teams at Cleveland Winery always have the safety and well-being of our guests as our top priority.

With the current global crisis – Covid-19 – affecting economies globally and businesses locally– we know that you may be experiencing stress and confusion in regards to travel restrictions and cancelled or postponed major events- the deluge of information can certainly be overwhelming

So, please know that we are monitoring all Australian government updates – state and national - and those from public health authorities such as the World Health Organisation, internationally – and medical professionals.

Our team is committed to the highest standards of cleanliness and safety throughout our entire operation – providing a safe and clean environment for all of our guests by implementing increased levels of hygiene practises and instructions for guests and staff as guided by Government health practices.

We understand the need for increased flexibility with travel planning now- and will be working with our guests and clients to provide the best possible solution at this time.

Our management team are here to answer any questions or concerns you may have with your next business trip, holiday or conference.
